

■ APPLICATIONS

SHUT-OUT FUNCTION

- This air curtain performs as an invisible door and best for doorway with frequent customers/staff traffic, e.g. restaurants, shopping malls, shops, warehouses, etc.
- Heating/cooling retention efficiency of 70-90% helps lower air-conditioning cost
- Blocking out unpleasant elements like dust, fumes, odors and insects, best for fruit stores, grocery stores, butcher shops, etc.

ZONING FUNCTION

- Perfect for separating air conditioning zone and non-air-conditioning zone; smoking area and non-smoking area
- Ideal for application in bowling alleys, lounges, lobbies and rest areas

CIRCULATION FUNCTION

- Facilitate air circulation in spacious areas
- Ideal for application in halls and lobbies
